

## Contract Manufacturing Request

### Pedometer

---

#### What It Does:

1. Pedometer encourages walkers, joggers and bikers to exercise by rewarding effort with discount coupons.
2. Recharges electric batteries while exercising Comments: Adds to benefits of exercise by immediate re-enforcements and increases motivation.
3. Generates rewards for exercising with pedometers. Rewards include coupons towards food at café's and fast food restaurants. People prefer working towards tangible results in addition to having put in a good exercise. Even a small reward can be enough.
4. Pedometers can be incorporated as a part of a reward based exercise program for school kids, progressive employers, etc.
